

PRE - SHOW TOUR : SAMPRAN RIVERSIDE

'FROM BARN TO BANQUET, FROM FARM TO FUNCTION'

SAMPRAN RIVERSIDE, NAKORN PATHOM

25th SEPTEMBER 2017 / 12.30 HRS. – 17.30 HRS.

Just 30 km west of Bangkok, Sampran Riverside at Nakorn Pathom is where you will experience the authentic Thai way of life and learn about our local wisdom. Sampran Riverside is more a community than a 'typical' resort. Besides the MICE facilities, you will also be fascinated with Sookjai Organic Farm, a project managed by local villagers and Sampran Riverside. The fruits, vegetables, herbs, and lotuses here are planted with fertilizers derived from organic waste. The organic products are then used in their restaurants and events with the concept 'From Barn to Banquet, From Farm to Function'.

This visit will be a great opportunity to learn about organic farming, sample homemade organic herbal teas, seasonal organic fruits and other Thai delicacies as well as experience the process of planting rice. At Sampran Riverside, you will also be enjoying traditional arts and crafts such as bamboo dancing, Thai martial arts, Thai boxing, garland making, fruit and vegetable carving.
